<b>Subject:</b>	visit-install should have a no config option		
<b>Description:</b>	visit-install allows the user to specify the config file to load with the "-c" option so that it doesn't prompt you for the config file to install. It would be nice if it supported none or a no config option. I also noticed the ETH Zurich was missing as an option for the "-c" option (at least the help wasn't showing it). That should be fixed at the same time.		

### History

#### 12/18/2012 07:00 pm - Eric Brugger

- Status changed from New to Pending
- Assigned to set to Eric Brugger
- Target version set to 2.6.1
- Estimated time set to 2.00

#### 01/15/2013 03:00 pm - Eric Brugger

- Target version changed from 2.6.1 to 2.6.2
