

VisIt - Bug # 1301: Changing directory when running client-server from windows can crash

Status:	Pending	Priority:	Normal
Author:	Kathleen Biagas	Category:	
Created:	01/11/2013	Assigned to:	
Updated:	01/18/2013	Due date:	
Likelihood:	3 - Occasional		
Severity:	4 - Crash / Wrong Results		
Found in Version:	2.5.2		
OS:	Windows		
Support Group:	Any		
Subject:	Changing directory when running client-server from windows can crash		
Description:	<p>Zika ran into an issue where he could connect client-server from windows, but changing the directory on the remote machine would crash the local visit.</p> <p>With some experimentation, we determined that if he moved his movie files (*.mww, *.mpg, *.mpeg, *.sm) out of the directory he was attempting to access, VisIt would no longer crash.</p> <p>His local machine is isrd windows 7, VisIt 2.5.2 installed by the admins.</p>
