<b>Subject:</b>	VisIt engine sometimes crashes when making a filled boundary plot from CSG data from a Silo file.		
<b>Description:</b>	Greg Greenman reported that VisIt crashed when he was doing a filled boundary plot of some CSG data from a Silo file.		

### Associated revisions

#### 02/15/2013 02:19 pm - brugger

I corrected a memory error in the Silo database reader that sometimes caused plots that involved materials to fail. This resolves #1338.
