

Silo - Bug # 328: silock is dependent on browser

Status:	Pending	Priority:	Normal
Author:	Mark Miller	Category:	
Created:	08/04/2010	Assigned to:	
Updated:	08/04/2010	Due date:	
Likelihood:	2 - Rare		
Severity:	2 - Minor Irritation		
Silo Found in Version:	4.7.2		
OS:	All		
Support Group:	Any		
Subject:	silock is dependent on browser		
Description:	cq-id: VisIt00009003 cq-submitter: Mark Miller cq-submit-date: 01/11/10 It turns out Silo's Makefiles are such that silock is only built when browser is built. However, there is no need for this dependence and we should probably build silock separately. We should add a configure switch to disable it too
