<b>Subject:</b>	Add PMPIO tests to HDF5's routine testing on LLNL systems		
<b>Description:</b>	Silo has two PMPIO tests; one pitched in terms of Silo, the other in terms of HDF5, pmpio_hdf5_test.c. The simple route here is to take the one pitched in terms of HDF5 and integrate it with HDF5's <code>_normal_</code> testing that is stood up on dawn.
